2016

National Economics Olympiad

Achieved first place at both regional and national level

📍 Tallinn, Estonia

TECHNICAL SKILLS

- **R** - Even this CV is automated and designed in R Markdown. Experience with ggplot2, dplyr, tidyr
- **SQL** - Designed and coded a database imitating Twitch.tv in MySQL, consisting of 66 relational tables
- **VBA** - Built a flexible personnel recruitment model in Excel as part of a school project. Code: [git.io/vA9Ws](https://github.com/robertpikmets/vba9Ws)
- **Python** - Finished online course 6.00.1x, but I'm quite rusty now as I've been using mostly R
- **Web development** - Experience with HTML, CSS, some JavaScript and Python's Django
